- **Project outline:**

The team had to select a project where the team members had to:

- Give Time
- Give Money
- Teach

PROJECT SUMMARY

We chose a 2018 grade 12 learner and helped her to prepare for a job interview.

•CHOOSING THE LEARNER

We chose **NKAISENG WINFRED RAPITSO** because she is raised by her mother who is a single parent. She attended Teto Secondary School.

Teto Secondary School is a Government school in Thabong.

GIVING AWAY THE
MONEY

We bought Nkaiseng
office clothes to wear
when she goes for an
interview and to
wear when she gets a
job.

CONCLUSION

- We interviewed Nkaiseng. We gave her tips on how to handle an interview.
- We gave her interview questions to practice at home.
- We interviewed her again to see how she improved.
- She took our tips to heart and improved a lot.
- We encourage her to practice the questions every time she goes for an interview.
- We created a CV for her to apply for jobs.
- We bought her clothes to make her look presentable and professional for any job opportunity.
